'SCHOOLS PROGRAMME'

FINAL REPORT TO THE MAIZE TRUST

**1 OCTOBER 2011 TO 15 SEPTEMBER 2012
FINANCIALS TILL 31 JULY 2012**

PRESENTED IN SEPTEMBER 2012

INTRODUCTION

Schools Programme Summary			
	Budget	Used Till 31 July 2012	Remaining
Presentation at schools - Maize Trust	R 500 940	R 249 469	R 251 471
Presentation at Schools – AgriSETA	R 218 596	R 218 596	R 0
Development of DVD – AgriSETA	R 220 000	R 220 000	R 0
Total	R 939 536	R 688 065	R 251 471

PRESENTATIONS AT THE SCHOOLS

PROJECT NUMBER

Project BS 1 / 11

PROJECT TITLE

School presentations

TRUST DEED OBJECTIVES

Market access in respect of the South African Maize industry

REASONS WHY IT IS DEEMED THAT THE PROJECT WILL CONTRIBUTE TO THE ABOVE OBJECTIVE.

It is essential that we encourage children to be aware of the value of agriculture as a source of food and fibre, an major role player in the economy, as an employer, and as a career choice. More than half the population in Africa is under 20 years of age. Children are current consumers, consumers of the future, and the next generation of workers, and the sooner we can make them aware of the value of agriculture in general, and the maize industry in particular, the sooner we can hope to have them understand the importance thereof.

MAIN AIM OF THE PROJECT.

Twenty schools, or a minimum of 200 children from each ten schools will be selected from towns in the North West, Free State, Gauteng, Eastern Cape, KZN and Mpumalanga. We will identify suitable persons who can take the presentations to the Grade 9s of the various schools. They will be visited each quarter for the first three quarters of 2011.

PROJECT DURATION

1 October 11 to 30 September 12

SECTORS IN THE MAIZE INDUSTRY THAT COULD OR SHOULD BENEFIT FROM THE PROJECT

Indirectly, all sectors – producers, consumers and related industries.

NAMES OF OTHER CONTRIBUTORS TO THE PROJECT AND THE EXTENT OF THEIR CONTRIBUTIONS

Maize Trust 50%

AgriSETA 50%

SUMMARY OF THE TOTAL BUDGET RELATING TO THE PROJECT.

Budget approved: R 500 940 + R 438 596

Used till 31 July 2012: R 688 065

Remaining: R 251 471

DETAIL OF CAPITAL EXPENDITURE THAT IS INCLUDED IN THE PROJECT APPLICATION.

None

DETAIL OF SURPLUS MAIZE TRUST FUNDING AVAILABLE FROM PREVIOUSLY FUNDED PROJECTS.

None

DETAILS OF SIMILAR PROJECTS THAT WERE FUNDED BY OTHER ENTITIES BEFORE.

PROJECT OBJECTIVES

1. To identify suitable personnel (trainers) to do the presentations in the various regions. (The regions will be the 6 regions serviced by the personnel in the Farmer Development Programme.)
2. Identify the schools who wish to take part in the programme.
3. Visit the schools once a quarter for each of the first three quarters and do a presentation followed by a discussion to the Grade 9 learners.

ACTIONS THAT HAVE BEEN TAKEN AND THE PROGRESS THAT HAS BEEN MADE WITH REGARD TO THE PROJECT

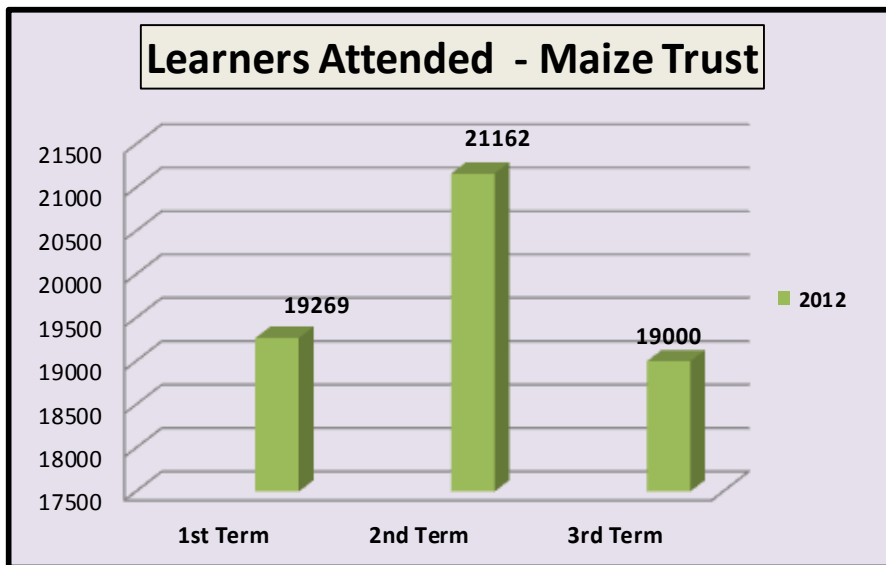

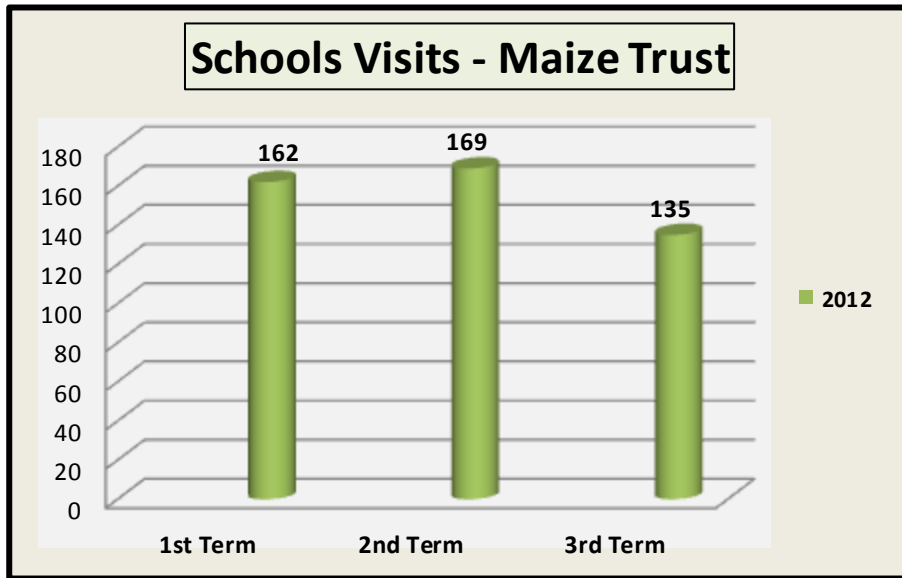

The following people have been contracted to do the presentations at the schools:

Amanda Thomas	Free State
Derrick Nqana	Mpumalanga
Urbanus Badenhorst	Northern Cape
Johan vd Merwe	Free State
Mike Bode	KZN
Reggie Ngcobo	Eastern Cape
Monica Mathemba	Eastern Cape
Marietjie Purchase	Free State

There are currently 5 DVD's available that are shown to learners throughout Provinces of South Africa each term. The same programme is being duplicated in the Western and Southern Cape and is funded by the Winter Cereals Trust. These DVD's portray the following valuable messages:

Term 1:	1. FOOD FIBRE LIFE is shown to Grade 9 learners in the first term. The main focus of this DVD is to create awareness among learners as to the type of products that come from agriculture. Many learners do not realise that most of the products that they use or consume on a daily basis originate from agriculture.
Term 2:	2. DIG IN – INTRODUCTION TO FARMING is shown in the second term and teaches learners about the agricultural production areas in South Africa, what is grown? Where? and also gives a broad overview of soil, the factors influencing it and soil conservation methods. It also touches on types of inputs required, input costs, risk management and diversification. This is a new DVD that was developed using AgriSETA funding this year. 3. ECONOMICS: WHAT'S IN IT FOR ME? is shown in conjunction with DIG IN and places an emphasis on various economic concepts. It gives information on where money comes from, supply and demand, tax (types and reasons) and import and export theories among others. It also uses maize production as an example to explain what is needed with regards to inputs, capital requirements, banks and the economy as a whole to portray the important role that economics play in agriculture. This is a new DVD that was developed using AgriSETA funding this year.
Term 3:	4. PLANT YOURSELF IN THE FUTURE is presented in the third term and has a strong focus on career choices related to plants and gives an overview of the types of careers that the agricultural sector has to offer. It also gives background as to the importance of agriculture and emphasises the significant role that so many people play in food production. 5. CAREERS IN AGRICULTURE – LIVESTOCK gives slightly more in-depth information on various types of related to livestock. This DVD is shown in conjunction with PLANT YOURSELF THE FUTURE.

Learners have responded very well to the new DVD's and there is an overwhelming interest among teachers and learners to obtain more information. Countless learners have already indicated agriculture as a career choice; however, pro-active follow-up and further guidance is vital.

Total number of schools visited in 2012	466
Total number of learners addressed in 2012	59431

THE RESULTS THAT HAVE BEEN ACHIEVED

Attachment 1 – Detail of schools visited

Attachment 2 – Photos of schools visited

Attachment 3 – Feedback from school representatives and learners

PROBLEMS ENCOUNTERED WITH THE PROJECT

None

MILESTONES THAT HAVE NOT BEEN ACHIEVED AND THE REASONS FOR THAT.

None

AN ASSESSMENT OF THE ADEQUACY OF THE FUNDING TO COMPLETE THE EXECUTION OF THE PROJECT

The funding is adequate.

THE ESTIMATED DURATION OF THE PROJECT UNTIL COMPLETION

Ongoing

ATTACHMENT 2 - PHOTOS OF SCHOOLS VISITED

ATTACHMENT 3 - FEEDBACK FROM SCHOOL REPRESENTATIVES AND LEARNERS

SCHOOL REPRESENTATIVES

E.E. de Wet – Metsimaphodi Secondary School, Free State

'Learners were enthusiastic, attentive and interested during the presentation. Videos were relevant and complimenting the trainers able presentation skills.'

T.W. Banyane – Refihletse Combined School, Free State

'Learners enjoyed the presentation. Their cooperation was highly appreciated and they were well disciplined. The educator realised that learners participated in the presentation because it was presented in their own language. They understood and were able to ask relevant questions.'

N. Manxweni – Mtetuvumile J.S.S., Eastern Cape

The visit/session is curriculum-compliant. It is in line with the syllabus, bringing more information to learners and empowering them with careers they were not aware of as they are living in a disadvantaged environment with limited knowledge/awareness. We recommend that you should visit us more frequently.'

Nondumisu Arhosi – Cala Pass P.J.S., Eastern Cape

The visit was of great value because the learners got a lot of information on careers in agriculture. The learners were not aware that there are other careers like animal scientists and nutritionists etc. They thought agriculture is about farming only. This visit has widened the learner's knowledge about agriculture and they are keen to learn more.'

G.M. Shabangu – Ngwaritsane High School, Mpumalanga

'This information is of value to our learners as it opens their eyes. Some have shifted their focus with regard to their careers. Secondly, they also understand that farming does not only depend on production of food but also involves other skills. I therefore recommend that agriculture be introduced to lower grades such as Grade 5 – 7 as well. It will make learners to have better understanding from earlier.'

LEARNER FEEDBACK 2011/2012

Mpila Sindy – Sakhile High School, Mpumalanga: 'It was a good visit to us. We learnt everything like how we get food and where food comes from. We also learn what we get some of the food from plants and we also learnt that it takes time to prepare food for us. We learnt about things that we did not know like that fibre comes from plants. We also learnt about careers in agriculture. At first I thought that agricultural careers are not cool but after I seen this, I know that agriculture is a good career.'

Mabiki Mofokent Beauty – Libertas Combined School, Free State: 'It was of great value to me because I am interested in agricultural studies and today I enjoyed every scene of the movie. I learned a lot from the video. The most important thing I have learned is that agriculture contributes a lot to the S.A. economy and plays a big role in keeping nature alive. The video was important as we are doing the part of genetic modification and indicators of development and I think we won't fail it because the video made it easy to understand. So we thank you and we would like if you came again.'

Sphiwe Ngwato – Kromellenboog Combined School, North West: 'I have learned that almost everything we buy is because of farming and there are many jobs in farming because everyone needs food and clothes. I have learned about the needs and wants of farming and how farm can affect the economy of South Africa.'

Farrel Rooilandt – Warrenval High School, Northern Cape: 'Dit was vir my baie lekker en ek het baie geleer. Ek is baie beïndruk en sal graag my eie boerdery wil begin. Ek leer elke dag iets nuut.'

Thobolo Oratile – Thate Molatlwa Middle School, North West: 'We had a great presentation. It is important and we learnt so much and appreciate it. We would like our presenter to visit us again so we can learn even more.'

Sanmari Basson – High School Daniëlskuil, Northern Cape: 'I learned a lot. It me decide my career. I am going to farm one day. It sounds very promising.'

Ralph Sebonyane – Luckhoff Combined School, Free State: 'Dit was baie lekker en ek het dit geniet. Dit het my baie geleer oor die ekonomie en dat dit kan verander en is baie bly vir so 'n kans dat iemand met ons kom praat het en ons alles oor landbou vertel het. Dit wys net hoe lewe kan van sleg na goed verander. Ek weet nie om dankie te se nie. Ek sal dit waardeer om meer te leer. Dit het my baie geleer oor baie dinge wat ek nie geken het nie. Dit was baie inspirerend.'

Mnisi Zandile – Tikhontele Secondary School, Mpumalanga: 'I've learned about many things such as animal pathologists, dairy scientists, poultry scientists and food engineers, fashion designers and also about food and fibre. This will be my career tomorrow. In this project I've learnt more about agriculture and its importance to us.'

Tanya van Keuonu – High School Zastron – Free State: 'We really did not know that all we have comes from farms and that all we need comes from a farm. We really appreciate the talk and thank you for opening our eyes!'

Leratho Thaele – High School Excelsior – Free State: 'The visit was of value to us as it taught us the importance of agriculture and how it can help our future. Agriculture holds many job opportunities which not only have to deal with plants or animals or milking cows or ploughing but also involves the technicians, entrepreneurs, animal scientists, plant pathologists and also media who informs people about agriculture. The most important thing is that agriculture feeds the world and also offers jobs that pay well and are well respected. We thank the trainer for his time and for the enjoyable and informative lesson.'
