'SCHOOLS PROGRAMME'

INTERIM REPORT TO THE MAIZE TRUST

1 OCTOBER 2012 TO 28 FEBRUARY 2013

FINANCIALS TILL 31 JANUARY 2013

PRESENTED IN MARCH 2013

INTRODUCTION

The schools programme continues to be a successful programme that is really touching the lives of children. Children whose lives have become very removed from agriculture which is the very source of life. This report covers the school visits that were made during the first term, but as the expenditure was only occurred during February when the schools were visited, and the financials in this report are only until 31 January 2013, no expenditure is reflected at all.

PROJECT TITLE

School presentations

TRUST DEED OBJECTIVES

Market access in respect of the South African Maize industry

REASONS WHY IT IS DEEMED THAT THE PROJECT WILL CONTRIBUTE TO THE ABOVE OBJECTIVE.

It is essential that we encourage children to be aware of the value of agriculture as a source of food and fibre, an major role player in the economy, as an employer, and as a career choice. More than half the population in Africa is under 20 years of age. Children are current consumers, consumers of the future, and the next generation of workers, and the sooner we can make them aware of the value of agriculture in general, and the maize industry in particular, the sooner we can hope to have them understand the importance thereof.

MAIN AIM OF THE PROJECT.

Twenty schools, or a minimum of 200 children from each ten schools will be selected from towns in the North West, Free State, Gauteng, Eastern Cape, KZN and Mpumalanga. We will identify suitable persons who can take the presentations to the Grade 9s of the various schools. They will be visited each quarter for the first three quarters of 2013.

PROJECT DURATION

1 October 12 to 30 September 13

PROJECT OBJECTIVES

1. To identify suitable personnel (trainers) to do the presentations in the various regions. (The regions will be the 6 regions serviced by the personnel in the Farmer Development Programme.)
2. Identify the schools who wish to take part in the programme.
3. Visit the schools once a quarter for each of the first three quarters and do a presentation followed by a discussion to the Grade 9 learners.

ACTIONS THAT HAVE BEEN TAKEN AND THE PROGRESS THAT HAS BEEN MADE WITH REGARD TO THE PROJECT

We have identified 8 facilitators who make contact with the school and explain the purpose of the programme. Once the school has indicated that they would like to participate, dates are arranged for the presentations to the Grade 9 learners.

There are different DVDs for each visit

- First term
 - Food, fibre and life
- Second term
 - Dig in – what is farming really about
 - The economy – what’s in it for me?
- Third term
 - Careers with plants (Plant me into the future)
 - Careers with livestock
